IPS

Specifications

Panel	Display		23" (16:9)
	Active display area		50.9 x 28.6 cm
	Maximum resolution and refresh rate		1920 x 1080 @ 60 Hz
	Glare		No
	Response time		5 ms
	Contrast ratio (ACM)		100 million:1 max
	Brightness		250 nits (cd/m^2)
	Viewing angle (CR=10)		178° (H), 178° (V)
	Colors		16.7 million
	Bits		6-bit + Hi-FRC
System	Input signal		VGA + DVI + HDMI® + USB3.0 (1 up + 3 down, 1 with charging)
	Speaker		2 x 1.5 W
	Power supply (100 V – 240V)		External adapter (65 W)
	Power consumption (ENERGY STAR®)	Off	0.48W
		Sleep	0.53W
		On	25.4W

Full HD LED monitor

The 1920 x 1080 resolution of this LED monitor delivers excellent detail, making it perfect for advanced HD productivity and multimedia applications. LED monitors also consume less power and last longer than those with CCFL lamps. In addition, this monitor is mercury-free, making it safer for you and the environment.

Ten-point multi-touch

Ten-point multi-touch is a significant improvement on traditional two-finger multi-touch because it senses ten different touch positions on the screen, and thus allows you to pinch-to-zoom, rotate images, and scroll through webpages.

Acer Adaptive Contrast Management

Acer Adaptive Contrast Management (ACM) optimizes contrast to present the highest level of clarity and detail by analyzing every scene, adjusting images frame by frame, and enhancing detail and gradation. In addition, with ACM, the LCD monitor uses less power.

Digital connectivity

HDMI® delivers exceptional high-definition viewing and gives the best-quality uncompressed video.

DVI ports maximize the connection quality between LCD monitors and video graphics cards in PCs and other digital sources.

About Acer

Since its founding in 1976, Acer has broken barriers between people and technology, enabling users to explore, create and grow. Acer ranks No. 2 for notebook PCs globally (Gartner data 2011). The Acer Group employs 8,000 people across the globe, and revenues for 2011 reached US$15.7 billion.

Acer's channel business model is instrumental to the company's success, while its multi-brand approach integrates Acer, Gateway, and Packard Bell brands in worldwide markets. Acer designs environmentally friendly products and, with its vendors, has established a green supply chain.

Acer is proud to be a Worldwide Partner of the Olympic Movement. That includes supporting the Vancouver 2010 Olympic Winter Games and London 2012 Olympic Games. More information is at www.acer-group.com.
